WOULD you rush into an office or up to the door of a residence and blurt out "Hello! Hello! Who am I talking to?" and then, when you received a reply, follow up your wild, discourteous salutation with "I don't want you; get out of my way. I want to talk with Mr. Jones." Would you? That is merely a sample of the impolite and impatient conversations that the telephone transmits many times a day.

There is a most agreeable mode of beginning a telephone conversation which many people are now adopting, because it saves useless words and is, at the same time, courteous and direct. It runs thus:

The telephone bell rings, and the person answering it says: "Morton & Company, Mr. Baker speaking." The person calling then says: "Mr. Wood, of Curtis & Sons, wishes to talk with Mr. White."

When Mr. White picks up the receiver, he knows Mr. Wood is on the other end of the line, and without any unnecessary and undignified "Hello's," he at once greets him with the refreshingly courteous salutation: "Good Morning, Mr. Wood." That savors of the genial handshake that Mr. Wood would have received had he called in person upon Mr. White.

Undoubtedly there would be a far higher degree of telephone courtesy particularly in the way of reasonable consideration for the operators, if the "face-to-face" idea were more generally held in mind. The fact that a line of wire and two shining instruments separate you from the person with whom you are talking, takes none of the sting out of unkind words.

Telephone courtesy means answering the telephone as quickly as possible when the bell rings—not keeping the "caller" waiting until one gets good and ready to answer. Telephone courtesy, on party lines, means being polite when someone else unintentionally breaks in—not snapping, "Get off the line; I'm using it."

In a word, it is obviously true that that which is the correct thing to do in a face-to-face conversation, is also correct in a telephone conversation, and anyone has but to apply the rules of courtesy, prescribed long years before the telephone was first thought of, to know the proper manners for telephone usage.

Be forbearing, considerate and courteous. Do over the telephone as you would do face to face.

To Telephone Subscribers and the Public.

at once by Telephone.

All employees of The Bell Telephone Company of Canada whose duties require them to enter the premises of subscribers or others, are required to wear a badge similar to that illustrated above. The public is hereby notified to require all persons who desire to enter their buildings or premises for purposes in connection with the Telephone, to exhibit their badges and note the numbers of the same. Any person claiming to be an employee of the Company who is without this badge should be refused admission and the Local Manager be notified

THE BELL TELEPHONE CO. OF CANADA.

PUBLIC NOTICE.

This Company's tariffs of Local and Long Distance Telephone Tolls are open to inspection and may be seen upon application to the Manager at the Company's Central Exchange. The joint tariffs of international tolls for conversations with points in the United States are open to inspection and may be seen upon application at the Head Office of the Company, in the City of Montreal, or to the Company's Manager at the Block Centre for any locality, the name of which centre will be furnished by the Manager of the local exchange. The following are the Block Centres in the districts covered by this Directory :—

Barrie	Niagara Falls	Parry Sound
Bridgeburg	North Bay	Port Hope
Collingwood	Orangeville	St. Catharines
Guelph	Orillia	Toronto
Hamilton	Owen Sound	Uxbridge
Harriston	Peterborough	Walkerton
Lindsay	or Colborne	Welland

EXCHANGE SERVICE.

GENERAL INSTRUCTIONS.

After calling Central Office, remove the Telephone from the hook and hold it to the ear until an answer is received from the Exchange. Give the Operator the number of the Subscriber's station required, giving the figures of the number separately, as "one-four-two-nine," instead of "fourteen-twenty-nine." Keep the Telephone to your ear and the Operator will connect you with the party called for and ring his bell, unless his line is found to be busy, in which case she will notify you of that fact.

Answer the calls on your bell promptly.

Face the Transmitter with the mouth about one inch from the opening. Speak naturally, distinctly, and not too rapidly.

If the station connected fails to answer within a reasonable time, the Operator should be called and informed of the fact. Upon being informed that communication has not been established, the Operator will then ring a second time.

After your conversation is finished hang up the telephone. If your station is equipped with a generator and crank be sure and give one (1) short ring, as this clears the line for another call.

Do not use the Telephone during a thunderstorm.

RULES AND REGULATIONS.

DESTROY PREVIOUS LISTS.

The right of the Subscriber is to use the instruments and connecting lines where the Company may place them, but not elsewhere, under such rules as the Company may from time to time prescribe. He shall not extend their use to other individuals, except his servants upon his business; nor shall they be used for any tolls or consideration to be paid by any person other than the Subscriber; nor does this confer on him the right to use any other instrument.

A Subscriber is not allowed to remove or otherwise interfere with the wire connections or parts of any Telephone apparatus leased from this Company.

Moving of Instruments.—The Telephone is first located by the Company where the Subscriber directs; if, afterwards, the instrument is required to be moved, such removal will be done by the Company at the expense of the Subscriber.

Numbers.—Subscribers are requested not to advertise Telephone Numbers, but simply the word "Telephone," as it may be necessary to change such Numbers.

No profane or obscene language will be tolerated over the lines of the Company, and the Company reserves the right to remove the lines and instrument with ut notice for any violation of this rule.

Complaints regarding inattention on the part of employees of the Company, or of interruptions to Exchange Service, should be made to the **Trouble Department Telephone**, and, if not properly attended to, to the **Local Manager**. If the matter is not then satisfactorily arranged, notice should be sent to the **Head Office, Montreal**.

LONG DISTANCE SERVICE.

Direct Telephonic communication can be had with all the principal cities, towns and villages in the Provinces of Quebec and Ontario and the United States, within a radius of one thousand miles. A list of Offices connected by the Long Distance Lines of this Company in the Provinces of Ontario and Quebec will be found in this book.

RULES AND REGULATIONS.

To Make a Long Distance Call—First call for “Long Distance.” When the Long Distance Operator answers, give the number or firm name, the initials and name of the particular person desired, the city or town, and the initials and name of the person originating the call.

Long Distance Charges All rates quoted are for conversations of three minutes or less. For overtime beyond the initial period of three minutes, charge will be made by the minute at the rate of about one-third of a single message rate for each additional minute.

When a particular person is desired, the name must be given to the Operator, otherwise charge will be made from the time connection is established with the Telephone desired, whether the party required is obtained or not.

Reversal of Charges.—All charges will be made against the originating office except those for which the receiving party expressly agrees to pay.

Complaints.—Complaints regarding unsatisfactory Long Distance Service should be made to the Local Manager, or to Head Office, Montreal.

PARTY LINE COURTESY.

To make party line telephone service efficient, and to prevent annoyance to the subscribers on the same circuit, the following rules must be observed :—

1. Answer only your own signal. If there is any confusion about the rings, report the fact promptly to the Chief Operator.
2. When you wish to call, remove the hand telephone and listen. If the line is in use restore the telephone immediately to the hook and wait for those using the line to finish.
3. Do not allow the servants, children or others to listen on the line when it is in use, or to play with the telephone at any time.

Please remember that the other subscribers on the line have equal rights with you, and that parties on the same telephone line should be as courteous to each other over the wire as when they meet face to face.

Party line service is satisfactory when the above rules are observed

LIST OF OFFICES

Good Service

Reasonable Rates.

EXTENSION SETS

save many steps. EACH STEP means time and trouble. Just let us put one ON YOUR DESK, then

WATCH YOUR BUSINESS GROW

Ask the Contract Department.

"HELLO"

means little and provokes the question

"WHO IS IT?"

How few telephone users make a practice of announcing their firm name when answering telephone calls?

It's good advertising.

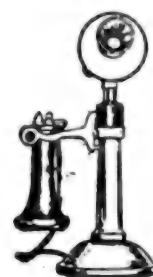

It saves time for all. Why not adopt it

If a trainman called "Hello" for every station on the road a stranger might reasonably ask:

"Where do I get off?"

Don't

need carpets, rugs, or wall paper, wood floor and plaster walls good enough—is as sensible as DON'T need telephone—legs, street cars and umbrella are satisfactory to me. Will YOU live comfortably and join the 150,000 who

The Wedding Present

most valued is a year's contract for Telephone Service. The bride will feel less lonely and be saved of much worry and bothersome detail with a Bell Telephone as a servant.

Don't

need carpets, rugs, or wall paper, wood floor and plaster walls good enough—is as sensible as DON'T need telephone—legs, street cars and umbrella are satisfactory to me. Will YOU live comfortably and join the 150,000 who

The Wedding Present

most valued is a year's contract for Telephone Service. The bride will feel less lonely and be saved of much worry and bothersome detail with a Bell Telephone as a servant.

The Wedding Present

most valued is a year's contract for Telephone Service. The bride will feel less lonely and be saved of much worry and bothersome detail with a Bell Telephone as a servant.

USE THE BELL.

THE BELL TELEPHONE CO. OF CANADA.

IN preparing for a journey the telephone performs a great variety of services. Reservations are made, last directions are given, good-byes are said, over the wire.

The Long Distance Service of the Bell System is of special value to the traveller. Sometimes the Bell Telephone makes a trip unnecessary; sometimes it convinces him that a trip would be profitable. Wherever he goes, he feels the need of universal service, and that is Bell Service.

**THE BELL TELEPHONE COMPANY
OF CANADA.**

Every Bell Telephone is the Center of the System.
